## SUMMARY

Results-oriented Data Analyst and MCA student with expertise in **Python, SQL, and Data Visualization**. Proven ability to build end-to-end analytical solutions, from data cleaning to predictive modeling and dashboards. Passionate about leveraging data to drive business decisions.

## TECHNICAL SKILLS

- **Programming:** Python, R, SQL | **Analysis:** Pandas, NumPy, Excel
- **Machine Learning:** Scikit-Learn (Regression, Random Forest, Boosting)
- **Visualization:** Tableau, Matplotlib, Seaborn, Power BI
- **Tools:** Git/GitHub, Jupyter, VS Code | **Soft Skills:** Problem Solving, Strategy

## EDUCATION

**Master of Computer Applications (MCA) | CMS College, Coimbatore | Exp: Apr 2026**

**B.Sc. Computer Science | CMS College, Coimbatore | Grad: Apr 2024 | GPA: 74.04%**

## KEY PROJECTS

### Supermarket Sales Analysis System (Desktop App)

Python, Tkinter, Machine Learning (Scikit-Learn), Pandas

- **Developed desktop app** to analyze sales data with a modern Dark Mode UI.
- **Engineered preprocessing pipelines** handling missing values/encoding for ML.
- **Built predictive models** (Random Forest, Gradient Boosting) for Sales/Ratings.
- **Implemented EDA tools** generating dynamic correlation heatmaps & charts.
- **Designed automated reporting** using ReportLab for PDF summaries.

## CERTIFICATIONS

### AI Driven Data Analyst - TN Skill Corporation & NCVET (Feb 2026)

(Grade A+ 94%) Competencies: SQL (95), AI Models (94), Data Cleaning (93), Visualization (93)

- **Data Base Management System** - NPTEL (Sep 2025)
- **Google Professional Data Analytics Certificate** (Feb 2025)
- **Validate Data in Google Sheets** (Jan 2025)
- **Google AI Essentials** (Dec 2024)
