---

## SUMMARY

Results-oriented Data Analyst and MCA student with expertise in **Python, SQL, and Data Visualization**. Proven ability to build end-to-end analytical solutions, from data cleaning and preprocessing to predictive modeling and dashboard creation. Passionate about leveraging data to drive business decisions.

## TECHNICAL SKILLS

- **Programming:** Python, R, SQL | **Analysis:** Pandas, NumPy, Excel (Advanced)
- **Machine Learning:** Scikit-Learn (Regression, Random Forest, Gradient Boosting)
- **Visualization:** Tableau, Matplotlib, Seaborn, Power BI
- **Tools:** Git/GitHub, Jupyter Notebook, VS Code, ReportLab

## EDUCATION

### **Master of Computer Applications (MCA)**

CMS College of Science and Commerce | Expected: April 2026

### **Bachelor of Science in Computer Science**

CMS College of Science and Commerce | Graduated: April 2024

GPA: 74.04%

## KEY PROJECTS

### **Supermarket Sales Analysis System (Desktop App)**

Python, Tkinter, Machine Learning (Scikit-Learn), Pandas

- Developed a full-stack desktop application to analyze supermarket sales data with a modern Dark Mode UI.
- Engineered preprocessing pipelines handling missing values and Label Encoding to optimize data for ML.
- Built predictive models (Random Forest, Gradient Boosting) for Total Sales and Ratings with high accuracy.
- Implemented EDA tools generating dynamic correlation heatmaps and distribution charts.
- Designed automated reporting using ReportLab to generate PDF summaries for stakeholders.

## CERTIFICATIONS

### **AI Driven Data Analyst - TN Skill Corporation & NCVET (Feb 2026)**

(Grade A+ 94%) Competencies: SQL (95), AI Models (94), Data Cleaning (93), Visualization (93)

- **Data Base Management System** - NPTEL (Sep 2025)
- **Google Professional Data Analytics Certificate** (Feb 2025)
- **Validate Data in Google Sheets** (Jan 2025)
- **Google AI Essentials** (Dec 2024)
